Tips from Your Local Guide

1. What to Wear

Light moisture-wicking clothing. Flip-flops are fine on the water. Bring a change of clothes and a towel — you will likely get wet.

2. Best Wildlife Times

Manatees are most active in the morning. The earlier we get on the water the better your chances of a sighting.

3. Photography Tip

The spring water glows brightest in morning light. Have your camera or waterproof phone ready early in the paddle.

4. The Upstream Paddle

You'll paddle upstream for about an hour against a gentle current. It's a workout — medium to high activity level. Come ready to move.

5. Swim Tip

The water is 74°F and crystal clear. There's plenty of opportunity to swim throughout the day.

6. Lunch Tip

Your guide brings the picnic out to you on the water. If you have dietary needs, let us know 48 hours in advance.

7. Spring Temperature

74°F year-round — refreshingly cool in summer and genuinely warm in winter. Great for a mid-paddle dip.

8. Booking Tip

Spots fill up fast, especially on weekends. Book your date as early as possible to lock in your group.

Before You Book

Activity Level — Medium to High

This is an active outdoor experience. You will paddle upstream for approximately one hour against a gentle current, as well as getting in and out of kayaks. Guests should be comfortable in the water and able to paddle for extended periods.

What to Bring

Sunscreen, sunglasses, and a hat are essential. Wear clothes you don't mind getting wet, and bring a dry change of clothes and a towel for the van ride home. Flip-flops work fine.

Wildlife Viewing

We paddle through natural habitat where manatees, fish, and native birds are commonly spotted — but wildlife sightings are never guaranteed. Part of the adventure is the surprise.

Group Size

This experience accommodates up to 12 guests. It's a great fit for families, friend groups, and private events. Contact us to discuss larger groups or custom arrangements.

Weather Policy

We operate rain or shine in mild conditions. In the event of lightning or unsafe weather, your guide will make a call and we will reschedule at no charge.

Dietary Needs

Let us know at least 48 hours in advance if you have any dietary restrictions so we can plan your picnic accordingly.

Parking & Logistics

Your guide picks you up in a comfortable 15 passenger van. No need to drive yourself — just be ready at your hotel at your scheduled pickup time.
